Story

--- "CITY HUNTER" – The Stolen XYZ –

"XYZ" written on the public message board at the east exit of Shinjuku Station is a message to require the service of Ryo Saeba, aka "CITY HUNTER". Ryo is the best "sweeper" in the underworld, whose operation is to wipe out evil or injustice. The last three letters of the alphabet, XYZ, means "reaching a dead end". The helpless, who have fallen into difficult situations that cannot be solved by legitimate means, come to him for help with their last hopes. Ryo only takes on cases that involve beautiful women or when his client's request moves his heart.

This morning, as always, Kaori Makimura's yelling echoes throughout Ryo's fictitious business office, Saeba Corporation. Ryo is a highly skilled gunman and a compassionate man who can be counted on in a pinch. But he is somewhat "loose" in his personal life and that irritates his partner, Kaori. While they are having a spat, Ryo gets a visit from Saeko Nogami who is a beautiful and capable detective of the Tokyo Metropolitan Police Department. Ryo and Saeko have known each other for a long time. She asks him to work as a bodyguard for Princess Alma, who has defected to Japan from the Kingdom of Gujamala, a small African state where a military coup arose. Saeko adds this is at the request of the princess herself. Ryo, whose only interests are beautiful mature women, is reluctant to escort the princess when he learns she is only 17 years old.

Around the same time, a note with "XYZ" is left on the message board at Shinjuku Station. This is a request from an actress Oto Utsunomiya, whose son is in trouble with a Japanese organized crime group. Struck by the beautiful actress's concern about her son, Ryo accepts her request with no hesitation.

A short while later, a man from the U.S. comes to visit Ryo and Kaori. It is Mick Angel, who is Ryo's first partner in the U.S. where he used to live. What is the purpose of his visit to Japan?

The coup in the Kingdom of Gujamala, the request from Oto Utsunomiya... The two different cases gradually become linked to one another, and Ryo eventually squares off against Union Teope, a huge crime syndicate of the underworld headed by Shin Kaibara whom Ryo was brought up by.
